

## **About CII:**

The Confederation of Indian Industry (CII) works to create and sustain an environment conducive to the growth of industry in India, partnering industry and government alike through advisory and consultative processes.

CII is a non-government, not-for-profit, industry led and industry managed organization, playing a proactive role in India's development process. Founded over 119 years ago, it is India's premier business association, with a direct membership of over 8100 organizations from the private as well as public sectors, including SMEs and MNCs, and an indirect membership of over 90,000 companies from around 400 national and regional sectoral associations. With 64 offices in India, 9 overseas in Australia, Austria, China, France, Germany, Japan, Singapore, UK, and USA, and institutional partnerships with 223 counterpart organizations in 90 countries, CII serves as a reference point for Indian industry and the international business community.

## **About CII- Institute of Logistics:**

To address the need of sharpening India Inc's competitive edge through better Logistics and Supply Chain practices, CII Institute of Logistics (CIL) was established in 2004 by the Confederation of Indian Industry as a Center of Excellence in Logistics and Supply Chain.

At CII Institute of Logistics we create a platform for the Industry to gain more insights into the emerging trends, industry specific problems of national importance and global best practices in logistics & supply chain management. We enable the industry to cut down the transaction cost, increase efficiency, and enhance profitability and enable to sensitize and bring solutions to macro level issues. Our service offerings are: Advisory, Training, Education, Research and Publications and Events.

## **About our Advisory Services:**

CII-IL delivers Advisory Services across the Supply Chain through two streams – one is through typical consulting assignments and other is through WAREX certification. Scope of the typical Consulting assignments include – identifying Supply chain pain points, data collection, and analysis and recommending suitable solutions for improvements. Over the past years CII-IL has helped a range of companies, including India's Navratna's and a host of large, mid to small enterprises to enable them become high performance organizations. CII IL has done feasibility studies for a number of PSUs for increasing their Supply Chain efficiencies and for their network optimization.

## **About WAREX certification:**

CII IL has a WAREX certification model for assessing and certifying operational warehouses. This model has a set of criteria and scoring system for fitting warehouses in appropriate level ranging from Bronze – Silver – Gold and Platinum levels. Many warehouses have been certified by CII under WAREX certification.

### **About our Educational Services:**

CII Institute of Logistics continuous learning programs are aimed at meeting Logistics and Supply chain management functional requirements of industries. These focused learning programs are governed by advisory council and are regularly updated based on CII member's feedback. The programs are delivered through CII teams and nominated faculty members from industry and academia. Following are our four level continuous learning programs with duration ranging from 3 weeks to 24 months:

Level 1: Functional Certificate (Sector specific)

Level 2: Executive Certificate (Logistics / SCM / Third party logistics)

Level 3: Advanced Certificate (Logistics / SCM / Third party logistics)

Level 4: Professional Certificate (Logistics / SCM / Competitive Supply Chains)

### **About SCM EXE:**

SCM EXE is a certification designed for students of management studies or Post Graduation to enrich their knowledge and skills in Supply Chain Management. The need of the industry is growing in terms of using the right industrial glossary at the first job. SCM EXE redefines the knowledge and skills of students with better understandings of end to end supply chain functions. The knowledge gained in SCM EXE helps the graduates to handle business meetings and defined strategic goals of an organization with ease.

### **About CII- Total Cost Management (TCM) Division:**

The prime objective of the TCM division is to make Indian Industry Cost Competitive. CII-TCM division works with the Industry and Knowledge Partners as follows:

1. In preparing the Industry to achieve cost competitiveness which facilitates both its sustenance and growth.
2. Deploys Industry specific cost management tools and techniques for enhancing cost competitiveness
3. Conduct cost awareness programs for industries and publish case studies and newsletters on latest concepts, tools and techniques.

The Division has developed **TCM Maturity Model**, with an objective to enable an enterprise to benchmark the level of maturity in cost management, grade the company's cost management system and develop Roadmap for moving forward in the maturity curve of cost management practices.

Companies like TATA, Godrej, ITC, Kirloskar, JCB have participated in the above rating.
